SCHOOL OF OUR FATHERS

(Words and Music by the late Major H.L.Reed)

1. Thy spirit first life awoke
In eighteen hundred and thirty - five
Beneath the sway of Marsh and Boake,
Thenceforth did Lanka's learning thrive

Refrain

School where our fathers learnt the way before us,
Learnt of books and learnt of men, through thee we'll do the same.
True to our watchword "Disce aut Discede"
We will learn of books and men, and learn to play the game.

2. Within thy shade our fathers trod
The path that leads to man's estate;
They have repaid the debt they owed
They kept thy fame inviolate
3. And we their loyal sons now bear
the torch, with hearts as sounds as oak;
Our lusty throats now raise a cheer
For Hartley, Harward, Marsh and Boake

WELCOME SONG

පිං බරින් පිරුණු මේ උදනයේ

PRINCIPAL'S REPORT

Ven. Maha Sangha,

Dignitaries of Other Religions, Rev. Sirs,

Your Excellency Mahinda Rajapaksa, President of the Democratic Socialist Republic of Sri Lanka,

Hon. Susil Premjayantha, Minister of Education,

Hon. Ranil Wickramasinghe The Leader of the opposition,

Hon. Ministers, Members of Parliament,

Officials of the Ministry of Education and the Department of Education,

Past Principals of Royal College and Present Principals of other Schools,

Distinguished Guests,

Members of the staff,

Secretary School Development Society and the parents,

Secretary Royal College Union and the Old Boys,

Present Royalists,

I welcome all of you most warmly to the 161st Prize Giving of Royal College.

May I extend our heartfelt gratitude to your Excellency for ensuring and preserving the unique tradition of having the Head of State presiding at the Prize Giving of Royal College by Your gracious presence. We are all aware and also grateful that your Excellency has been able to concede to us two years ago at a time when unpredictable circumstances could cause most unexpected results.

Your Excellency,

We are proud to endorse that you are present with us today creating world history by defeating the most ruthless terrorist organisation ever existed thus far, with your incomparable leadership which guided the armed forces towards the true art of humanitarian operations and completing the mission of liberating Sri Lanka from the clutches of separatism and terrorism.

In this endeavour your Excellency has been able to personify the qualities of Leadership your Excellency inspired the students throughout the country.

May I quote some of Your Excellency's visionary statements through which you have inspired the student community of Sri Lanka to strive to be future leaders.

- To be a leader one requires a good aim or goal.
- Having a goal is not enough; it has to be a just and righteous one.
- Having a righteous goal is not enough for a leader; one has to stick to it and dedicate ones' life to the realization of that goal.
- Achieving the goal requires intelligent planning.
- Foresee the challenges and plan proactively to turn those to own advantage.
- Nothing is impossible. The reason for our failure is the abandoning of good goals by considering the unattainable.
- There are difficult tasks ahead of us but nothing is impossible.
- The genuine commitment of the leader to his or her goal is another factor that increases the strength and motivation of the team.

You practiced what you preached. You enrolled your son in the armed services.

Let me thank Your Excellency for relieving us from great uncertainty we experienced in the last few decades. As teachers and parents we waited anxiously for the students who left their homes in the morning to safely return in the evening.

Hon. Susil Premjyantha,

Thank you very much sir, for always extending your whole hearted support to Royal College. On many occasions you selected Royal College to introduce new initiatives to the Sri Lankan education system because of your trust in Royal to work with commitment towards the realization of its objectives. The teachers and students of our country are very fortunate to have an education Minister who continuously works to bring modern technology to Sri Lanka. Your Timely declaration of "2008 The Year of IT and English" has been put to practice and has achieved progress.

When you were gifted with a few expensive interactive white boards, Royal College was fortunate to be included as one of the recipients in your list. This facility supported us as one of the most effective teaching-learning aids with our other initiatives related to computer education. Sharing this valuable resource with many schools at various workshops and seminars conducted in this premises is indeed a great pleasure. As a result, several "On Line Projects" facilitated the global collaboration with schools in UK, China, Japan and Canada and our students in Sri Lanka.

Sir, may I quote the Remarks made by US President at Town Hall - Washington in March 2009.

"We are making historic investment in childhood education, because we know that the countries who out – educate us today will out-compete us tomorrow".

With the vision of developing a global citizen deeply rooted in Sri Lankan culture our students will be far ahead of the western students and the foundation laid by the Ministry of Education holds the key in making due exposure available. We are aware that the Hon Minister of Education has already launched many strategic oriented projects in achieving the set goals and we believe the schools will extend their unstinted support as the success depends on mutual cooperation.

Due to such encouragement Royal could be amongst the five schools shortlisted from Sri Lanka to be selected for the Microsoft global competition where thirty of the most innovative schools, selected amongst tens of thousands of schools worldwide, will be competing.

The “Api Vavamu-Rata nagamu” concept Your Excellency introduced at the beginning of your tenure has now spread throughout Sri Lanka. The students of Royal College have been involved from the very inception of this program and are now at the forefront from all the schools in the country. Sri Lanka Rupavahini Cooperation organized an islandwide home garden competition in 2007/2008 with the collaboration of the Department of Agriculture. We are very proud to state that Royal College won second place by defeating many schools which have been involved in agricultural activities for a long period.

Future citizens should be given the opportunity to learn about the environment and develop positive attitude towards it. In this regard the International Union for Conservation of Nature (IUCN) which was founded in 1948 and brings together 82 states, 111 government agencies from 181 countries selected Royal College to carry out their programmes in Sri Lanka. Some students from Royal got the opportunity to learn the science behind environmental change, build gardens and trails in urban schools, and learn about biodiversity and ecosystems. They were recognized by the IUCN for their active involvement.

It is very rare for students to witness the realities of life in a psychiatric rehabilitative intermediate home. Our students got the opportunity to observe the patience, empathy and love among the staff in a hospital with mentally challenged patients. The students had the privilege of closely associating with and supporting more than 700 inmates at this half way home in Mulleriyawa by working together in environmental conservation and agriculture activities. The efforts of our students have been recognized by the medical staff as several inmates have shown positive psychological development. This unique project was organized by the UNESCO Club of Royal College, which has been recognized by UNESCO as the first UNESCO club in a Sri Lankan school.

Royal College promoting the ‘Linguistic Intelligence’ of the students has been able to teach Japanese, French, Chinese and German apart from Tamil, Sinhala and English either as first language or second language. Teaching of German Language has ushered a new era in the language curriculum of the school starting from Grade 4. This year German was introduced as a subject for the G.C.E. Advanced level at Royal College.

Royal College became the first school in Sri Lanka to gain PASCH status (Partners for the future) offered by the Ministry of the Foreign Affairs of the Federal Republic of Germany. The state of the - art German language training centre was established few weeks ago with the collaboration of Gothe Institute of Sri Lanka. Royal College participated in Youth camps of PASCH held in Bangalore, Kathmandu and five more students won scholarships to attend the summer camp in August in Germany.

My dear sons of Royal,

Out of more than 8300 students who were in Royal in the years 2005/2006 you have shown exceptional academic performance. Amongst you there are many who have set an example to fellow students from Royal and moreover the whole student community of Sri Lanka. Let me take one example. He was chosen as the Senior Deputy Head Prefect of this great institution for the academic year 2005/2006 not only because of his academic merit but also for his excellent performance in co-curricular activities. He performed his duties as Senior Deputy Head Prefect to the utmost satisfaction of the school authorities. After his tenure he left his alma mater in July 2006 to read a degree in Business Management, not to a University in the western world but to Bangalore.

He returned to Sri Lanka three weeks back after obtaining a first class with honours in his degree. Whilst reading for the degree he started doing CIMA. For his performance in CIMA exams he won 7 Sri Lanka prizes, a world Prize and the 'Outstanding examination performance award' at the CIMA Financial Management awards in London for being the first student in the world who won prizes for all six subjects in the managerial level.

What I admire most is that he has come back to Sri Lanka to pay the debt to the motherland. From the very beginning his intention was to come back to serve Sri Lanka and not pursue the luxuries and comforts by migrating to a western country. I am sure he is a role model responded to the call of our president inviting expatriate to return to Sri Lanka.

Character development and fostering of values are important in preparing young people to lead healthy and fulfilling lives and to contribute to society. Attributes such as being morally upright, enterprising, resilient and showing empathy will be specially crucial for sustaining a durable peace in our country.

As in the past the academic performance of our students have been commendable. Amongst many who have excelled in the sphere of academics, a Royalist secured the first place in the GCE Advanced level Biology stream in 2008. I take this opportunity to thank all the teachers from the grade one onwards who are instrumental in developing the intellectual potentials of our students.

On the request of the Ministry of Education, Tamil medium teachers initiated a programme to support the Advanced level and grade 5 students in the IDP camps. 15 teachers spent several days in IDP camps not only teaching the students but also providing them with essential educational material. This endeavour no doubt displayed the good will and the patriotism of Royal College.

Though the year 2008 seemed beset with unpredictability, within the walls of Royal College progressive environment prevailed.

Although the priority has been the public exams among the senior students, Royal has performed extremely well in sports too. The First XI Cricket team was adjudged the best cricket team of the year due to their brilliant performance. The first XV Rugby team became the league champions and received the presidents trophy from your Excellency.

Drama, singing, debating have been an integral part of co curricular activities thus building good character emotional balance and sensitivity as part of holistic education articulated by the new educational reforms. Royalists won recognition as champions of the All Island Shakespeare Drama competition - 2008 for its performance – "King Lear". The English Debaters participated at the world school debating championship held in Greece and two of Royal Debaters represented Sri Lanka at the South Asian debating Competition held in India in 2008, organised by the UNDP. Another Royalist also represented country at the debating competition organised by the South Asian Wizkid Competition held in England in 2008.

Royal concluded the Combined Drama festival showcasing dramatic and aesthetic talents of Tamil, English and Sinhala Medium students on a single platform. SAGA V once again proved the progress in the performing art both in classical and western music talents of Royalists. Students of oriental music secured 3 places in singing and orchestra at the All Island Drama and Music competition organized by the ministry of education.

The array of co curricular activities kept Royal an eventful place in the year 2008. The current edition of Royal College magazine carries the records of 27 sports and 76 clubs and societies. All such activities if funded and organised by the Government only, would be an unaccomplished task, especially catering to the needs of 8300 students coming from all walks of life at Royal. However with the unconditioned support and assistance provided by the Royal College union and the School development Society the task has been made attainable. The recently concluded felicitation ceremony of the heroic men of our soils who laid lives for the sake of motherland and also the valiant sons who still continue in the armed forces and the civil force is an index of their joint efforts of collaboration. I thank the Royal College Union and School Development Society once again whole heartedly.

A special mention must be made of their immeasurable assistance extended in safeguarding and monitoring the security of our students within and immediate surrounding areas of College during the most unpredictable conditions and declined security prevailing in the country. I also thank all the teachers without whose willing cooperation the task of voluntary work in this regard would not have been so easy for the parents, apart from various projects carried out in the welfare of students both physically and intellectually developing our students. I also thank the retired teachers for valuable contribution they made in equal capacity.

May I take this opportunity to thank the first aid Nurses and Non academic staff for the faithful service they render.

Finally I like to mention with deep sadness that the notable absence of Mr. Viji Weerasinghe forever is a fact we cannot come to terms with. Especially when the school is about to launch the celebrations of its 175 years of glorious existence out of which almost 75 years Mr. Weerasinghe's presence was felt as an old boy, a teacher, Deputy Principal, and consultant to the Royal College Union. Moreover he remained the uncontested mentor of all of us who associated him. I recall with deep sense of gratitude his equal compassion to all those who sought his advice and guidance. I once again place on record that I would not have steered Royal College smoothly if not for Mr. Weerasinghe's guardianship. His dedicated service rendered to Royal College is written in golden letters of the history book as one beyond unimaginable human capacity, personifying the true spirit of Royal.

Mr. Weerasinghe will be remembered as long as Royal College exists.

I wish the younger generations of Royalists would strive to emulate this exceptional human being.

Upali Gunasekara
Principal
